

Activity Report

Dengue cleaning campaign - 2013 SLRCS Kandy Branch

Dengue Cleaning campaign and awareness - Pathadumbara

Sri Lanka Red Cross Society Kandy branch has organized a dengue cleaning campaign in Kalugalawatta in Pathadumbara division on 21st July 2013.

The said areas are highly populated and most vulnerable to prevalence of Dengue epidemic. The activity was organized with the participation of the participation of Kandy branch Governance staff and Youth Win.

During the dengue awareness and cleaning campaign 79 houses checked mosquito breeding places and destroyed them. Branch Dengue team members and staff members supported to provide dengue awareness posters among the householders and briefing them.
