

ACTIVITY REPORT

Sri Lanka Red Cross Society
Puttalam Branch

RFL & Tracing Training Session/ **Puttalam Branch** / 04th March 2014.

The Puttalam Branch has been conducting RFL & Tracing activities very successfully for a long time however for the last three months' time a lapse was identified as the volunteer tracing coordinator was sick throughout this period. As an immediate remedial measure it was recommended to train a new team of volunteers to continue this service with the consultation and technical support of NHQ.

As a result, a special session of training on RFL & Tracing was conducted at the branch on 04th March 2014 with the commendable assistance of the RFL & Tracing unit of NHQ. Mr. Kamal Yatawara conducted the session with his expertise of the subject which was concluded with his final evaluation of the volunteers by testing their presenting skills with the subject knowledge.

The Branch sincerely appreciates the assistance specially the technical support given by Mr.Ramanesh & Mr.Kamal Yatawara for the branch capacity building of RFL & Tracing.

Six volunteers participated for the training very enthusiastically for whom the volunteer allowance of Rs.350.00 was given each by the RFL & Tracing unit while their refreshments (including lunch) was provided by the branch.

Below presents some visuals of the session.
